## **Escanaba Cited** In Mead Report

DAYTON, Ohio-The Mead Corp. reported net earnings of \$4,570,440 on sales of \$243,862,-802 for the first quarter, ended March 29, 1970.

The first quarter earnings were equal, after provision for dividends on preferred shares, to 15 cents per common share, compared to net earnings of \$8,728,626, or 42 cents per common share in the first quarter of 1969. Last year's first quarter sales were \$240,693,663.

President James W. Mc-Swiney attributed the reduction in income about 30 per cent to start-up costs at Escanaba, 10 per cent to weather and strikes, 45 per cent to slowdown in housing starts, and 15 per cent to increased interest expense and increased cost of labor and raw materials.

Mead's new Publishing Papers Center at Escanaba had a late start-up, McSwiney said.

## **Escanaba Daily Press**

A Panax Publication Ralph S. Kaziateck, Gen. Mgr. David L. Andrews, Editor

## Hayward Lake

Francis Wagner of Rte. 2, Stephenson, seems to be a reasonable man. He doesn't like the idea of the Department of Natural Resources and the U.S. Bureau of Fisheries and Wildlife establishing a 45,000 acre goose refuge in the Hayward Lake area of Menominee County, but he isn't totally anti-DNR, either.

Wagner was in the Daily Press office the other day, carrying a briefcase full of Communications and information on the proposed Hayward Lake project and while he admits a personal interest — he has eight pieces of land in the area he works as a timber cutter — he says he is not writing letters simply for himself. Some people, he pointed out, don't like to write letters, but ask him every week about his own Hayward Lake project mail.

If you're going to protest, Wagner said, get all the facts. And the time to do it is now before the proposed development is off and running and impossible to stop.

Sen. Joseph Mack (D-Ironwood) and Rep. John Payant (R-Kingsford) have erased any state appropriation for the project this year, but it's far from dead and when it comes to the surface again Wagner will be prepared.

"There are 300 homes in the project area used year around," Wagner said after checking the Menominee County plat book. I'm against asking all those people to move."

That the project is very much alive was reported in a letter from D. W. Douglass, Lansing, chief of the DNR game division, dated April 3,

"This project is still under consideration," Douglas wrote. "We believe it is too important an area to be dropped just because of the current opposition."

C. D. Harris, deputy director of resources management for the DNR, put it a little more diplomatically. "Let me assure you that the support of the local people is most important to the department, realizing, of course, that there will always be some people who will oppose any program. But we are not so naive as to believe that approval will be given by the Michigan Legislature for our participation in the project unless it has the general approval of the people in Menominee County and particularly those in the vicinity of the project area who may be affected by the program.

"If. after the planning has been completed, it appears that the project has good support and is approved by the Legislature, and the governor's office, we will then proceed," Harris wrote in another letter. "Lands will be acquired if the owners are willing to sell. Any land condemnation proceedings initiated by this department have to be made in the courts of the county in which the land is located. We are not so naive as to think that we could win a condemnation suit in a local court if it did not have local sup-

Wagner even has a letter from Gov. William Milliken on the project.

"You are correct in your statement that the earlier publicity stated the project will include some 45,000 acres," Milliken said. "It should be clearly understood that this does not mean that the project when completed will be that size. It is usually impossible to acquire all of the area within a project boundary. The project boundary, when established, will permit the state to acquire land anywhere within the boundary. This is its sole purpose.

"However, undeveloped shoreline would be acquired if within the project boundary and will be a part of the refuge," Milliken continued. "A decision may be reached that some of the area within the boundary is not needed and no attempt will be made to purchase it."

Wagner has other communications and is seeking more information about the project and about how it compares with other refuge areas. The famed Horicon National Refuge in Wisconsin, he points out, has only 31,653 acres in its Northern and Southern divisions, compared to the 45,000 proposed for Hayward Lake.

The project may eventually go ahead as now envisioned. It may be killed, or shifted to another location. Or it may be modified. Whatever happens, Wagner is likely to play a major role. There is no question that he is making the effort to inform himself. And that is the best way areas of potential profit. to go about formulating a sound position.

#### Peninsula Potpourri

More than 50 million gallons of water were pumped out of the new Poe Lock at Sault Ste. Marie to allow engineers to make in inspection of the lock's walls and culvert system to determine how it has withstood the rigors of two Upper Peninsula winters. The lock will be reflooded in time to handle the first boat of the season which is expected April 1.

\* \*

If at first you don't succeed, etc., seems to be the motto for school boards and governing bodies of cities, villages and townships in their efforts to obtain additional tax money to upgrade facilities and meet ever mounting operating costs. For that reason, voters in the Tahquamonon Area School District (Newberry) will be asked for the third time in one and one-half years to approve a building and remodeling program. The proposal to issue \$2,850,000 worth of bonds will be on the ballot in the June school election. The decision was reached by the board of education on recommendation of a volunteer citizens committee which has been studying various school building ideas since last October. A second proposal will ask voters to assume the bonded indebtedness of the former Portage Township School District (\$115,000 remains unpaid) and the former Pentland Township School District (\$71,000 still outstanding). Payment would be made through a uniform debt service tax on all property in the Tahquamenon Area School District. Both proposals were defeated Please send notification regarding by narrow margins in elections in December. 1968, and June, 1969.

#### "JUST CAME IN FROM MINNESOTA!"

# World Could Feed Many More People

By JOHN CHAMBERLAIN I am in tremendous trouble with the "population zero" advocates, who predict starvation if the peoples of the world continue to have children at even a slightly accelerating rate.

And all because of a statement made in this column that I doubt whether the ecologists actually know how many mouths the productive acres of the earth are capable of feed-

The new converts to the ecofor new ways of developing plenty. Perhaps they are right from an esthetic view: when cities become crowded, life becomes dingy, even though supportable. But, before joining with them in their insistence that the new criminality consists of having more than two children, I wish they would address themselves to the fact that the spectre of hunger in recent years has actually been reced-

From the prairie provinces of Canada there is no news of famine. The news is of a tremendous wheat glut for which the Saskatchewan and Manitoba farmers can find no market.

In the United States the farm acreage decreases, and the number of active farmers shrinks with each passing census. Yet the farm surpluses are a never-ending phenomenon. In 1940 a single farmer produced enough food and fiber for 12 people, which was then considered almost miraculous. Now, just 30 years later, a single U.S. farmer feeds 43 persons.

It is not that we have the best land in the world: Europe is just as fertile, the Russian Ukraine black soil is legendary, and the Argentine pampas still supports fine beef cattle. Our agricultural supremacy comes from a superior technology, and what we have other nations could imitate if they had political systems that would permit the free flow of capital into

Even without U.S. machines there has been an agricultural reniassance in the supposedly backward regions of the world. Haven't the "population zero" advocates been reading about the so-called "green revolution" in Asian countries where the new "miracle strains" of rice, wheat, and corn are now pressing on inadequate storage and transportation facilities? Dr. Robert Chandler, the

## Hike Reported In Newspeper **Advertising**

NEW YORK (AP) - The nation's daily newspapers showed an 11.1 per cent increase in advertising volume last year over 1968 and outpaced the growth rate of the over-all economy, according to the American Newspaper Publishers Association.

The Association's figures showed the newspapers have "the largest gain of any advertising medium.' The average daily paper had

34.7 pages of advertising and 21.3 pages of editorial content in 1969, the statistical summary Circulation increased 0.6 per cent to 62,059,589 papers and Sunday circulation jumped 4 per cent to 49.674.847.

The newspaper industry is the fifth largest employer in the nation, according to the publishers' association. In value of shipments, it rates tenth.

Last year, some 365,700 persons worked in the industry, 0.7 per cent more than the year before. The statistics were released in the publication "Newspaper

A Panax Publication Ralph S. Kaziateck, Gen. Mgr. David L. Andrews, Editor

## Hayward Lake

Francis Wagner of Rte. 2, Stephenson, seems to be a reasonable man. He doesn't like the idea of the Department of Natural Resources and the U.S. Bureau of Fisheries and Wildlife establishing a 45,000 acre goose refuge in the Hayward Lake area of Menominee County, but he isn't totally anti-DNR, either.

Wagner was in the Daily Press office the other day, carrying a briefcase full of Communications and information on the proposed Hayward Lake project and while he admits a personal interest — he has eight pieces of land in the area he works as a timber cutter — he says he is not writing letters simply for himself. Some people, he pointed out, don't like to write letters, but ask him every week about his own Hayward Lake project mail.

If you're going to protest, Wagner said, get all the facts. And the time to do it is now before the proposed development is off and running and impossible to stop.

Sen. Joseph Mack (D-Ironwood) and Rep. John Payant (R-Kingsford) have erased any state appropriation for the project this year, but it's far from dead and when it comes to the surface again Wagner will be prepared.

"There are 300 homes in the project area used year around," Wagner said after checking the Menominee County plat book. I'm against asking all those people to move."

That the project is very much alive was reported in a letter from D. W. Douglass, Lansing, chief of the DNR game division, dated April 3,

"This project is still under consideration," Douglas wrote. "We believe it is too important an area to be dropped just because of the current opposition."

C. D. Harris, deputy director of resources management for the DNR, put it a little more diplomatically. "Let me assure you that the support of the local people is most important to the department, realizing, of course, that there will always be some people who will oppose any program. But we are not so naive as to believe that approval will be given by the Michigan Legislature for our participation in the project unless it has the general approval of the people in Menominee County and particularly those in the vicinity of the project area who may be affected by the program.

"If, after the planning has been completed, it appears that the project has good support and is approved by the Legislature, and the governor's office, we will then proceed," Harris wrote in another letter. "Lands will be acquired if the owners are willing to sell. Any land condemnation proceedings initiated by this department have to be made in the courts of the county in which the land is located. We are not so naive as to think that we could win a condemnation suit in a local court if it did not have local support."

Wagner even has a letter from Gov. William

Milliken on the project.

"You are correct in your statement that the earlier publicity stated the project will include some 45,000 acres," Milliken said. "It should be clearly understood that this does not mean that the project when completed will be that size. It is usually impossible to acquire all of the area within a project boundary. The project boundary, when established, will permit the state to acquire land anywhere within the boundary. This is its sole purpose.

"However, undeveloped shoreline would be acquired if within the project boundary and will be a part of the refuge," Milliken continued. "A decision may be reached that some of the area within the boundary is not needed and no attempt will be made to purchase it."

Wagner has other communications and is seeking more information about the project and about how it compares with other refuge areas. The famed Horicon National Refuge in Wisconsin, he points out, has only 31,653 acres in its Northern and Southern divisions, compared to the 45,000 proposed for Hayward Lake.

The project may eventually go ahead as now envisioned. It may be killed, or shifted to another location. Or it may be modified. Whatever happens, Wagner is likely to play a major role. There is no question that he is making the effort to inform himself. And that is the best way to go about formulating a sound position.

#### Peninsula Potpourri

More than 50 million gallons of water were pumped out of the new Poe Lock at Sault Ste. Marie to allow engineers to make in inspection of the lock's walls and culvert system to determine how it has withstood the rigors of two Upper Peninsula winters. The lock will be reflooded in time to handle the first boat of the season which is expected April 1.

If at first you don't succeed, etc., seems to be the motto for school boards and governing bodies of cities, villages and townships in their efforts to obtain additional tax money to upgrade facilities and meet ever mounting operating costs. For that reason, voters in the Tahquamenon Area School District (Newberry) will be asked for the third time in one and one-half years to approve a building and remodeling program. The proposal to issue \$2,850,000 worth of bonds will be on the ballot in the June school election. The decision was reached by the board of education on recommendation of a volunteer citizens committee which has been studying various school building ideas since last October. A second proposal will ask voters to assume the bonded indebtedness of the former Portage Township School District (\$115,000 remains unpaid) and the former Pentland Township School District (\$71,000 still outstanding). Payment would be made through a uniform debt service tax on all property in the Tahquamenon Area School District. Both proposals were defeated by narrow margins in elections in December. 1968, and June, 1962.

### "JUST CAME IN FROM MINNESOTA!"

# World Could Feed Many More People

By JOHN CHAMBERLAIN I am in tremendous trouble with the "population zero" advocates, who predict starvation if the peoples of the world continue to have children at even a slightly accelerating rate.

And all because of a statement made in this column that I doubt whether the ecologists actually know how many mouths the productive acres of the earth are capable of feed-

The new converts to the ecological view are certainly allouters; they do not admit there are any grey areas, any room for new ways of developing plenty. Perhaps they are right from an esthetic view: when cities become crowded, life becomes dingy, even though supportable. But, before joining with them in their insistence that the new criminality consists of having more than two children, I wish they would address themselves to the fact that the spectre of hunger in recent years has actually been reced-

From the prairie provinces of Canada there is no news of famine. The news is of a tremendous wheat glut for which the Saskatchewan and Manitoba farmers can find no market.

In the United States the farm acreage decreases, and the number of active farmers shrinks with each passing census. Yet the farm surpluses are a never-ending phenomenon. In 1940 a single farmer produced enough food and fiber for 12 people, which was then considered almost miraculous. Now, just 30 years later, a single U.S. farmer feeds 43 persons.

It is not that we have the best land in the world: Europe is just as fertile, the Russian Ukraine black soil is legendary, and the Argentine pampas still supports fine beef cattle. Our agricultural supremacy comes from a superior technology, and what we have other nations could imitate if they had political systems that would permit the free flow of capital into areas of potential profit.

\* \* \* Even without U.S. machines there has been an agricultural reniassance in the supposedly backward regions of the world. Haven't the "population zero" advocates been reading about the so-called "green revolution" in Asian countries where the new "miracle strains" of rice, wheat, and corn are now pressing on inadequate storage and transportation facilities? Dr. Robert Chandler, the

I am a married woman with children. I had an affair with a man of another race. It lasted four months. I am now about ten weeks pregnant.

I love my family and I am heartsick over what I have done to my life. There is a possibility that the child I am carrying belongs to my husband. I am afraid, however, that it belongs to my lover. If such is the case

I will surely have to leave home. Is there any way to determine before birth who is the father of a child? Please hurry your answer. I'm going out of my mind with worry. - Georgia

Dear Georgia: There is no way to establish the paternity of an unborn child. If you have not confided in your doctor I hope you will do so immediately.

Dear Ann Landers: What's the matter with me that I have had such rotten luck? At 16 I fell in love with my teacher. He was married and strung me along for nearly a year. He never did get a divorce like he promised. I was a fool to believe him. At age 17. I quit school and joined a magazine crew. We traveled the Dakotas, Iowa and Nebraska. I went crazy over a man in Sioux Falls. We went together for seven months. Then he told me his wife was getting wise and we'd better cool it. That was the end of him.

Now I'm in love again. This time it's an executive with quite a lot of money. The trouble is his wife is emotionally unstable and he's afraid she might do something irrational, like shoot

## Hike Reported In Newspeper Advertising

NEW YORK (AP) - The nation's daily newspapers showed an 11.1 per cent increase in advertising volume last year over 1968 and outpaced the growth rate of the over-all economy, according to the American Newspaper Publishers Asso-

ciation. The Association's figures showed the newspapers have "the largest gain of any advertising medium. The average daily paper had

34.7 pages of advertising and 21.3 pages of editorial content in 1969, the statistical summary Circulation increased 0.6 per cent to 62,059,589 papers and Sunday circulation jumped 4 per

cent to 49,674,847. The newspaper industry is the fifth largest employer in the nation, according to the publishers' association. In value of shipments, it rates tenth.

Last year, some 365,700 persons worked in the industry, 0.7 per cent more than the year before.

The statistics were released in the publication "Newspaper Facts 1970" in conjunction with the 84th annual ANPA convention in New York City April 20

Firestone with the new of the 70's

**Read what Mario Andretti** says about the new, wide

firestone "500"

"They gave you more mileage ... yet retained all the high performance capabilities!"

"Most people don't buy "500s" for mileage alone. They buy them because they're strong ... ready to stand up to all types of punishing side roads and take the abuse of sustained long distance runs at superhighway speeds. But you'll be happy to know the new wide "500" will deliver great mileage. If you're a sensible driver—use good judgment in braking, cornering and accelerating, rotate tires and check alignment regularly-you get even

"They improved the traction on wet and dry pavement."

"That's important! Your high-powered car has a good braking system . . . but your tires actually stop your car! Your tires grab the road when you apply the brakes. The new wide "500" is nearly one inch wider and concave molded so that the entire tread 'footprint' is in contact with the road when the tire is inflated. This bigger 'footprint' allows you to stop faster . . . up to 30% faster on wet pavement than the previous "500."

"They restyled the sidewall to give you the sportiest tire of

"Tires have come of age! They're no longer round and black . . . period! You want a great looking tire as well as a great performing tire. The new wide "500" is for you! The sidewall treatment on this tire is unique... just like the tire itself. It has two raised white stripes... plus raised white "500" numerals. This tire really stands out in a crowd and gives your car real class."

son, Ossie Smits and Mrs. Wil- Townsend said the firm's worldliam Phillion. Tickets may also wide sale of cars, trucks and be obtained from Mrs. Dell tractors ran 12 per cent below O'Brien, president of the ladies the opening three months of division, or club steward Jim 1969 in which the firm made a profit of \$48 million.

Townsend and Chrysler president John Riccardo released the firm's quarterly report on the eve of today's annual meeting Homemade bean soup with of Chrysler stockholders. They ham, northern corn bread, fruit were to follow it up with addiand beverage is the hot lunch tional explanation at the share-

Townsend said the firm had taken steps to reduce its huge inventory of cars in dealer hands and also did some belt tightening within the firm as it released some workers and re-

duced expenses in many areas. Chrysler was not alone in its sales problems in the initial quarter as General Motors and Ford also ran well behind 1969 totals. Only American Motors, smallest of the auto firms, showed a gain in opening quarter sales for the opening three

Townsend said in the quarterly report that "consumer demand for automotive products was generally lower in both the United States and Canada and total North American retail sales of passenger cars, excluding imports from abroad, were down

13 per ecnt over a year ago." He said first quarter sales totaled \$1.5 billion, compared with the \$1.7 billion mark reached in the opening quarter of 1969, Net loss for the period came to \$29.4 million, or 61 cents a share, compared with the profit of \$48 million or \$1.02 a share in the opening three months of

#### **Woman Slain**

DETROIT (AP) - The body of Margie Cowen, 44, of Detroit was discovered by police in the living room of her home on the city's West side Sunday. Police said there were multiple gunshot wounds in the woman's back and neck. Officers said they had no suspects and the investigation is continuing.

they restored electric service to closed. All rural schools were many Indian Lake customers, reported operating Monday efter Wisconsin-Michigan Power ported down in the area, many Co. and Upper Peninsula Power Co. service was restored. Several trees and fences in

rural areas were reported down. but no major problems were encountered by county road

Manistique residents awoke Monday morning to find city trucks hauling away fallen trees, limbs and debris.

One of the largest trees to topple was a huge tree which fell on a car in the 700 block on Garden Ave., tearing up part of a sidewalk as its roots came

No Injuries Reported

Airport Manager Vern Bernard said early Monday morning winds at the airport reached 90 miles per hour. Bernard said he was kept busy Sunday night tying and retying airplanes and reinforcing hangar doors.

City Manager Robert Noe said construction workers on the low -Chrysler Corp. today blamed income housing project reportare available until Friday, May lagging auto sales and inflation- ed for work Monday to find 1 from Directors Carl Carlson, ary pressures for a slow first plywood and insulation had Fred Hahne, Clyde Strasler, quarter in which it lost nearly been scattered and blown away by the wind. A small aluminum storage building on Saginaw Street was reportedly smashed.

No storm connected injuries were reported by residents. Hail and rain again hit the area early Monday afternoon, but lasted only a short time.

#### **Tuition Fees**

LANSING (AP) - The State Board of Education says 5,823 Michigan high school seniors will receive from \$100-\$800 for college tuition next fall.

More than 4,000 of the awards fall under the state public scholarship program. The others are under the tuition grant program. for private schools.

liam Phillion. Tickets may also wide sale of cars, trucks and be obtained from Mrs. Dell tractors ran 12 per cent below O'Brien, president of the ladies the opening three months of 1969 in which the firm made a profit of \$48 million.

Townsend and Chrysler president John Riccardo released the firm's quarterly report on the eve of today's annual meeting Homemade bean soup with of Chrysler stockholders. They ham, northern corn bread, fruit were to follow it up with addiand beverage is the hot lunch tional explanation at the share-

> Townsend said the firm had aken steps to reduce its huge inventory of cars in dealer hands and also did some belt tightening within the firm as it released some workers and reduced expenses in many areas. Chrysler was not alone in its sales problems in the initial quarter as General Motors and Ford also ran well behind 1969 totals. Only American Motors, smallest of the auto firms, showed a gain in opening quarter sales for the opening three

Townsend said in the quarterly report that "consumer demand for automotive products was generally lower in both the United States and Canada and total North American retail sales of passenger cars, excluding imports from abroad, were down 13 per ecnt over a year ago."

He said first quarter sales totaled \$1.5 billion, compared with the \$1.7 billion mark reached in the opening quarter of 1969. Net loss for the period came to \$29.4 million, or 61 cents a share, compared with the profit of \$48 million or \$1.02 a share in the opening three months of

#### Woman Slain

DETROIT (AP) - The body of Margie Cowen, 44, of Detroit was discovered by police in the living room of her home on the city's West side Sunday. Police said there were multiple gunshot wounds in the woman's back and neck. Officers said they had no suspects and the investigation is continuing.

failures. Although Bay de Noc they restored electric service to closed. > No storm connected injuries vere reported by residents. Hail and rain again hit the area early Monday afternoon, but lasted only a short time.

#### luition Fees

LANSING (AP) - The State Board of Education says 5,823 Michigan high school seniors will receive from \$100-\$800 for college tuition next fall.

More than 4,000 of the awards fall under the state public scholarship program. The others are under the tuition grant program, for private schools.

Newspaper Want Ads are a big sell! One billion, twentyone million was spent on classified ads last year . . . more than for all magazine advertising combined and more than 300 million more than radio advertising.

Many thanks to all our relatives and friends who visited us and sent cards and flowers while we were patients in the Schoolcraft Memorial Hospital. Your thoughtfulness is much appreciated.

## California Man **For Treating Piles**

Actually Helps Shrink Swelling Of Hemorrhoid Tissues Caused By Inflammation And Infection.

Millbrae, Cal. Mr. C. H. Wahl of Millbrae reports: "I'm 68 years certainly relieved my pain.

(Note: Doctors' tests show Prepara-tion H® actually helps shrink swollen tissues of hemorrhoids caused by intissues of hemorrhoids caused by in-flammation and infection. It also gives prompt, temporary relief in many cases from pain and burning itch in these tissues. Then swelling is gently reduced.

There's no other formula for hemor-rhoids like doctor-tested Prepara-tion H. It also lubricates the irritated area to help make bowel movements less painful. Ointment or Supposi-tories.)

#### Rep. Davis Would Earmark License Funds For Deer

State Representative Robert W. Davis (R-St. Ignace) today repeated his request for a oneyear moratorium on antleriess deer hunting throughout Northern and Upper Michigan

"My position has not changed since February when I cosponsored a resolution to discontinue shooting does and fawns in the Upper Peninsula for the 1970 hunting season," Rep. Davis said.

Indications are that the Natural Resources Commission may not go along with the request, Rep. Davis said, so he and Glenn Poupore, Cloquet, has countered by asking for a nephew of the bride carried drastic reduction in the number of antlerless deer permits issued.

"Even if it is proven that for the good of the herd a number of antlerless deer should be The bride attended St. Jo- taken, the situation won't get so out of hand in one year that quet High School and the it can't be corrected," he commented.

Rep. Davis said he is aware that the problem of adequate food for the herd is a main reason for an antierless deer season, but explained that this is the reason he and Senator Thomas Schweigert (R-Petoskey) have introduced companion bills to earmark \$1 of the \$5 resident deer hunting license for deer feed and range improvement.

#### In Memoriam

#### Verbrigghe

In loving memory of our father and grandfather, Rene STOCK CAR DRIVERS Verbrigghe, who went to his eternal rest, April 21, 1969, one Rebuildable Engines On Hand year ago today.

We often look at your photo. You seem to smile and say Don't weep, I am only sleeping, And we will meet again some of God saw the road was getting

rough, And the hills were hard to climb. He gently closed your weary eyes And whispered Peace Be Thine.

A beautiful life that came to an He died as he lived — everyone's friend. Years roll on and time passes by But loving memories never die.

Sadly Missed By Mr. and Mrs. Richard King and Family, Mr. and Mrs. Tom Judson and Family

# Now add \$400.00 a month to your health protection for only 25¢

Pays you extra cash at the rate of \$400.00 a month...for each hospital stay. Guaranteed Renewable For Life. At last-a hospital plan that guarantees never to cancel your protection no matter how old you get or how many claims you make 💢 Pays all cash direct to you (not to the doctor or hospital) 🛠 Pays in addition to any other companies' coverage you have—including Medicare 🫠 No age limit—no medical examination required 💢 No salesman will call

## Just 25¢ enrolls your entire family for the first month ACT NOW-YOUR APPLICATION FORM MUST BE MAILED BY MIDNIGHT THURSDAY, APRIL 23, OR IT CANNOT BE ACCEPTED

O NE out of two families will have someone in the hospital this year! It could be you—or some beloved member of your family-tomorrow...next week...next month. Sad to say, very Iew families have anywhere near enough coverage to meet today's soaring hospital costs. These costs have doubled in just a

few short years. They are expected to double again in the few Stop for a moment. Think how much a long stay in the hospital will cost you or a loved one. How would you ever pay for costly, but necessary, X-rays, doctor bills, drugs and medicines? What would you do if your pay check stopped, but living expenses kept going on the same as ever? The same rent, phone, food, all the day-to-day expenses that never stop.

What is the average breadwinner to do? We believe we have the answer in the famous Extra Cash Plan that...

#### Pays you \$400.00-a-month tax-free cash whenever you are hospitalized.

What a blessing it is when you know you have an extra \$400.00 eash coming in every month when you go to the hospital. Now, this low-cost Plan from National Home enables you to enjoy this protection at once. Your special low rate is just 25¢ for the first month's coverage for your entire family. Then, you may continue at National Home's regular low rates.

#### The added protection you NEED!

All benefits of this \$400.00-A-MONTH Hospital Plan are paid directly to you, in tax-free cash, in addition to whatever you may receive from your insurance with any other company! Spend the money as you see fit-for hospital or doctor bills, mortgage payments, to replace savings-or any necessary but costly extras not covered fully by usual hospital policies.

Everything costs more these days (need we tell you?) and

hospital care is certainly no exception! While 7 out of 8 Americans have some hospital insurance, most have found it does not cover all bills that pile up when sickness or accident strikes. That's why National Home developed low-cost Extra-Cash Protection that helps you pay hospital costs or other expenses.

You get your \$400.00 per month cash-TAX-FREE-as long as you are confined in the hospital. You are covered from the very first day for accidents and sickness—for as long as you are confined to the hospital-even for life, if necessary! And remember, this National Home Policy pays tax-free cash direct to you in addition to whatever you receive from any other protection you carry-Blue Cross, Blue Shield, even Medicare if

And, when you and your insured spouse are hospitalized at the same time for an accidental injury, this National Health Plan pays you an EXTRAORDINARY DOUBLE-CASH BENEFIT. You receive not \$400.00 but \$800.00 a month. Your

PAYS \$400.00-A-MONTH CASH for each accident or illness... beginning the very first day in the hospital—and continuing for life, if necessary!

PAYS \$200.00-A-MONTH CASH for the first three months, if you're 65 or over. And, a full \$400.00-A-MONTH CASH thereafter—even for life!

PAYS \$1,600.00-A-MONTH CASH when both husband and wife (under cash) band and wife (under age 65) are hospitalized at the same time for accidental injury for as long as both remain in the hospital - even

up to \$2,000.00 CASH for complete accidental loss of limbs or eyesight.

> \$400-A-MONTH CASH for each pregnancy requiring a hospital stay, when both husband and wife are insured for the entire pregnancy and have Coverage for Children and Maternity Benefits. Coverage begins the very first day in the hospital.

PAYS \$400.00-A-MONTH CASH for a Registered Nurse if your doctor has not be a registered Nurse if your doctor has you hire one within five days following a covered hospital confinement of five days or more.

#### 65 OR OVER? YOU COLLECT IN ADDITION TO MEDICARE BENEFITS

We have designed this Plan as the important addition to whatever is paid by Medicare-or health insurance you may have with any other companies. Remember, all may have with any other companies. Remember, all checks will be sent directly to you (not to the doctor or hospital), to give you that "extra" help just when you need it most. Use the tax-free cash any way you see fit. And you will be glad to know the checks will be big ones! In addition to any benefits you may receive from Medicare, this National Health Plan pays you \$200.00 a month for the first 3 months, and a full \$400.00 monthly while hospitalized thereafter...even for life, if necessary!

spouse receives not \$400.00 but \$800.00 a month. That's \$1,600.00 in all, in cash payments to you every month (when under age 65) starting the day you enter the hospital for as long as you both remain there.

We can never cancel your Policy! You can count on this wonderful protection no matter how old

you get or how many times you collect from us. Your Policy guarantees that we cannot cancel your protection after you've made a lot of claims, or become old—or for any other reason whatsoever. It is Guaranteed Renewable for Life!

And that's not all. Suppose you have a growing family—

#### this Plan (NH10-669) Pays you \$400.00-a-month cash **Maternity Benefits!**

Ordinary hospital insurance may take care of part of your expenses when you go to the hospital to have a baby. But what policy can you think of that gives you cash to help buy all the things you need for the new baby? Now, if both husband and wife are insured for the entire pregnancy and have added Coverage for Children and Maternity Benefits to the basic Plan, you get extra cash to use any way you want. If a pregnancy, childbirth or even miscarriage puts you in the hospital for one day, five days, 10 days-as long as necessary-you are paid for every day of your confinement at the rate of \$400.00 All these added cash benefits.

Added cash benefit: Up to \$2,000.00 cash for accidental loss of limbs or eyesight, when the loss occurs anytime within 90 days of the accident. The loss of a limb or eyesight is terrible. Nothing can replace the loss, but a \$1,000.00 or \$2,000.00 check helps bring peace of mind during the period of adjustment.

Added cash benefit: Choose Coverage for Children (with or without Maternity Benefits) and all your dependent, unmarried children from age one month through 18 years will be covered, too! This National Health Plan pays at the rate of \$240.00 a month, when your youngster is hospitalized ... for removal of tonsils, appendix or any other illness or injury. Yes, you will receive \$240.00 a month cash, month after month for as long as the child is in the hospital.

Added cash benefit: Pays as much as \$4,800.00 cash for a Registered Nurse at home. You collect an extra \$400.00 A MONTH when your doctor has you employ a full-time Registered Nurse within 5 days after you come home, following a stay in the hospital of five days or more for which benefits were payable. Your benefits continue for the same number of days that you were in the hospital-even up to 12 full months.

#### We pay your premiums when you are not able.

Should you—the person to whom the basic Policy is issued—be hospitalized for 8 weeks or more, this National Health Plan WILL PAY ALL PREMIUMS THAT COME DUE FOR YOU AND ALL COVERED MEMBERS OF YOUR FAMILY WHILE YOU ARE CONFINED TO THE HOSPITAL BEYOND THE INITIAL 8-WEEK PERIOD. And your protection continues just the same as if you were paying the premiums yourself. Then, if you leave the hospital and must return for the same condition before you have resumed full norma activities for 90 days, we will again PAY ANY PREMIUMS WHILE YOU ARE IN THE HOSPITAL-for the total confinement! This means you pay no premiums, yet your full protection remains in force.

#### LICENSED BY THE STATE OF MICHIGAN

HERE'S ALL YOU DO TO RECEIVE YOUR POLICY:

3. Enclose Form in envelope with 25¢ and mail to: 1. Complete this brief 2. Cut out along National Health Plan, Valley Forge, Pa. 19461 Application Form. dotted line.

To the best of my knowledge and belief neither I nor any person listed above has been refused or had cancelled any health, hospital or life insurance coverage due to reasons of health. I understand that this Policy will become effective when issued and that pre-existing conditions will be covered after two years. NH10-669 NHA-10 App MAIL THIS APPLICATION FORM BEFORE MIDNIGHT, THURS., APRIL 23, 1970

#### These are the ONLY exclusions!

Your National Health Plan Policy covers every kind of sickness or accident except conditions caused by: act of war; any mental disease or disorder; pregnancy, except as provided under the Maternity Benefit provision; and expenses resulting from any sickness or injury you had before the Effective Date of your Policy... during the first 2 years only.

This last item is a real help if you already have a health problem. If you are sick before you take out this Policy, you will even be covered for that condition after the Policy has been in effect for 2 years. Meanwhile, of course, every new condition

#### Nationally known and respected.

This is the kind of outstanding protection you have read about in Reader's Digest, Parents', National Geographic and other leading publications. The special plans offered by the National Liberty Corporation group of companies are today helping policyowners in all 50 states—and many foreign countries paying benefits at the rate of more than one million dollars a month.

#### Grateful Policyowners write . . .

"Received your check for \$880.00. I appreciate having the money sent directly to me so I could decide how to NICHOLAS CRISTL, Green Bay, Wisc. "It was wonderful to receive your check for \$555.00. I'm very pleased. It paid real well.'

MRS. BESSIE GEISINGER, Kansas City, Mc. "Everyone should have your coverage. I know I

wouldn't be without it."

WALTER TUCKER, Fayetteville, N.C.

#### Make your decision carefully.

Think how costly a hospital confinement will be. Imagine paying for those indispensable doctor, surgical and nursing serv-

ices that are not covered by your present insurance.

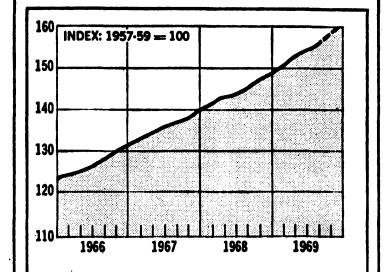

Would you be able to afford the quiet and privacy of a orivate room and a private nurse, snouid telephone to keep in touch with loved ones? Or the rental of a TV set to help pass the lonely hours? Who would pay your bills that keep on coming in at home? Many folks have lost their life savings, their cars, even their homes trying to meet runaway hospital and medical costs. And no one knows whose turn

#### Why you must act before the date shown an your Application Form—just a few days from today.

Why do we give you so little time to enroll in this Plan-only a few days? Because this is a limited Enrollment Period-and we must receive your Application Form at the same time as all the others in order to pass on to you the savings that come from processing many policies at one time. This highly efficient "mass enrollment" method enables us to give you the broadest coverage at the lowest cost.

We mail you the Policy as soon as we receive your Application Form. When the Policy arrives, examine it in the privacy of your own home. Take all the time you need. It's a very short document, and you'll be pleasantly surprised to discover there is NO FINE PRINT. Then-show it, if you wish, to someone you trust. Perhaps your lawyer, accountant or doctor. Better still - show it to your own insurance man...even though he may be working for another company! If he is a personal friend, he has your best interests in mind. So you can believe him when he tells you there is no better bargain available anywhere—at any price!

#### **Medical Costs Skyrocketing!** Source: Wall Street Journal

MEDICAL CARE COSTS rose in September, 1969, to 157.6% of the 1957-59 average from 156.8% a month earlier. These costs are components of the Government consumer price index.

#### HERE ARE YOUR LOW RATES.

The following rate chart shows how little it costs after the first month to protect yourself, your spouse and any adult dependents. Naturally, at these low rates, we can issue you only one policy of this type. Each adult, 16 or over, pays the rate shown for his or her age.

Age at	Monthly Premiun
Enrollment	per Adult
16-44	only \$3.45
45.49	only \$3.95
	only \$4.45
55.74	only \$4.95
	only \$5.95
	only \$6.95
	<del>-</del>

#### Only \$1.90 more per month covers all your dependents...

from the age of one month through 18 years. And then if you wish, just add 95¢ monthly to that, and you're covered for Maternity Benefits, too! Newborn children are covered automatically at the age of one month-at no additional cost!

NOTE: The regular menthly premium shown here (for age at time of enreliment) is the same lew premium you will continue to pay; it will not eutematically increase as you pass from one age bracket to the next! Once you have enrelied in this National Health Plan, your rate can never be changed because of how much or how often you collect from us—or because of advanced age—but only if there is a general rate adjustment, up or down, on all policies of this type in your entire state!

#### Act NOW—"Later" May Be Too Late! Just 25¢ covers you and your family for first menth.

TIME IS PRECIOUS! Act quickly. (No salesman will call.) Get your Application Form into the mail today—because once you suffer an accident or sickness, it's TOO LATE to buy protection at any cost. That's why we urge you to act today—before anything unexpected happens.

#### Tell you how National Home's EXTRA CASH HOSPITALPLAN

THESE IMPORTANT QUESTIONS AND ANSWERS

gives you the protection you need—at amazingly low cost!

- 1. How much will my Policy pay me when I go to the hospital? \$400.00 per month. If you're 65 or over, you collect in addition to any Medicare benefits, \$200.00 a month for the first 3 months, and \$400.00 monthly while you remain continuously hospitalized afterwards. You collect cash not just for yourself, but for all Covered Members of your family when they are hospitalized! And you collect cash even if you're in the hospital for only one
- 2. When do I collect \$2,000.00 extra cash for accidents? We pay you \$1,000.00 extra cash for complete accidental loss of one hand or one foot or sight of one eye, and \$2,000.00 extra cash for loss of both hands or both feet or sight of both eyes— even if the loss occurs as long as 3 months after the accident,
- 3. Suppose I am paid benefits for any sickness or accident. What happens if I am again hospitalized for the same condition? Don't worry! You still collect the regular cash benefits provided by your Policy for as long as your confinement lasts.
- 4. Will you pay me \$400.00-a-month cash—even for pregnancy? Yes! Many health plans don't cover pregnancy. But we do, when Coverage for Children and Maternity Benefits are added to the basic Plan. You collect cash benefits for pregnancy, childbirth or miscarriage that results in a hospital stay. (Both parents have to be enrolled in this Plan for entire pregnancy period.)
- 5. Do you pay me cash when my children go to the hospital? Will any children we have in the future be protected, too? You collect \$240,00-a-month cash any time your child goes to the hospital, when Coverage for Children is added to the basic ...each time any dependent, unmarried child (age month through 18 years) is in the hospital for sickness or injury. And if you have a growing family—as soon as your newborn child is one month old, he, too, is covered-automatically ...at no additional cost to you.
- 6. Are there times I might collect as much as \$1,600.00 a month? There are! Remember, we pay cash not just for you but for every Covered Member of your family. National Health Plan Members get an EXTRAORDINARY DOUBLE-CASH BENEFIT. If you and your covered spouse are both in an accident and go to the hospital at the same time, you receive \$1,600.00-a-month tax-free cash (when under age 65). This amount is paid for as long as
- 7. Am I ever allowed to stop paying premiums during a long stay in the hospital—yet still remain fully covered?

both of you remain in the hospital—even for life, if necessary,

Yes, you are! Should you—the person to whom the basic Policy is issued—be hospitalized for 8 weeks or more, this National Health Plan will pay all premiums that come due for you and all Covered Members of your family while you are confined to the hospital beyond the initial 8-week period. You aren't expected to pay us back either.

#### 8. How do I go about submitting a claim?

We invite you to contact Cash Benefits Headquarters direct. Whether you want to submit a claim, or just ask us a question, don't hesitate to contact us. As a National Health Plan Member, you are entitled to prompt, courteous and direct atten-

#### 9. Does this Plan pay in any hospital?

tion at all times ... and you will get it.

#### You will be covered in any hospital of your choice except a U.S. Government hospital or a nursing or convalescent facility.

- 10. Now tell me what's the "catch"—what doesn't my Policy cover? Get ready for a welcome surprise. Your Policy covers everything except conditions caused by: act of war; any mental disease or disorder; prognancy, except as provided under the Maternity Benefit provision; and any sickness or injury you had before the Effective Date of your Policy-but even this last "exclusion" is done away with after you've been a policyowner for only two years. Everything else is definitely covered.
- 11. What are the requirements to enroll in this Extra Cash Hospi-

You must not have been refused or had cancelled any health, hospital or life insurance due to reasons of health; and, to qualify during this Enrollment Period-you must enroll before midnight of the date shown on the Application Form

12. Besides saving money—are there any other advantages of joining this National Health Plan during this Enrollment Period? Yes. A very important one is that you don't need to complete a lengthy, detailed application—just the brief Form in the corner of this page. Also, during this Enrollment Period there are no. extra requirements for eligibility, and no "waivers" or restrictive endorsements can be put on your Policyl

### 13. How do I enroll?

Fill out the brief Application Form and mail it with just 25¢ for the first month's protection for your entire family. Mail to: National Health Plan, Valley Forge, Pa. 19481.

#### **MONEY-BACK GUARANTEE**

We will send your National Home Policy by mail. Examine it carefully in the privacy of your own home. Show it, if you wish, to your own insurance agent, doctor, lawyer or other trusted adviser. If you decide, for any reason, that you don't want to continue as a member of this Plan, return the Policy within 15 days of the date you receive it, and we will promptly refund your money. Meanwhile, you will be fully protected while making your decision!

And, when you and your insured spouse are hospitalized at the same time for an accidental injury, this National Health Plan pays you an EXTRAORDINARY DOUBLE-CASH BENEFIT. You receive not \$400.00 but \$800.00 a month. Your

PAYS \$400.00-A-MONTH CASH for each accident or illness... beginning the very first day in the hospital—and continuing for life, if necessary!

PAYS \$200.00-A-MONTH CASH for the first three months, if you're 65 or over. And, a full \$400.00-A-MONTH CASH thereafter-even for life!

PAYS \$1,600.00-A-MONTH CASH when both husband and wife (under age 65) are hospitalized at the same time for accidental injury for as long as both remain in the hospital - even

PAYS up to \$2,000.00 CASH for complete accidental loss of limbs or eyesight.

PAYS \$400-A-MONTH CASH for each pregnancy requiring a hospital stay, when both husband and wife are insured for the entire pregnancy and have Coverage for Children and Mater-

nity Benefits. Coverage begins the very first

day in the hospital. PAYS \$400.00-A-MONTH CASH for a Registered Nurse if your doctor has you hire one within five days following a covered hospital confinement of five days or more.

#### 65 OR OVER? YOU COLLECT IN ADDITION TO MEDICARE BENEFITS

We have designed this Plan as the important addition to whatever is paid by Medicare—or health insurance you may have with any other companies. Remember, all checks will be sent directly to you (not to the doctor or hospital), to give you that "extra" help just when you need it most. Use the tax-free cash any way you see fit. And you will be glad to know the checks will be big ones! In addition to any benefits you may receive from Medicare, this National Health Plan pays you \$200.00 a month for the first 3 months, and a full \$400.00 monthly while hospitalized thereafter ... even for life, if necessary!

spouse receives not \$400.00 but \$800.00 a month. That's \$1,600.00 in all, in cash payments to you every month (when under age 65) starting the day you enter the hospital for as long as you both remain there.

We can never cancel your Policy!

You can count on this wonderful protection no matter how old you get or how many times you collect from us. Your Policy guarantees that we cannot cancel your protection after you've made a lot of claims, or become old-or for any other reason whatsoever. It is Guaranteed Renewable for Life! And that's not all. Suppose you have a growing family-

Pays you \$400.00-a-month cash

**Maternity Benefits!** 

Ordinary hospital insurance may take care of part of your expenses when you go to the hospital to have a baby. But what policy can you think of that gives you cash to help buy all the things you need for the new baby? Now, if both husband and wife are insured for the entire pregnancy and have added Coverage for Children and Maternity Benefits to the basic Plan, you get extra cash to use any way you want. If a pregnancy, childbirth or even miscarriage puts you in the hospital for one day, five days, 10 days-as long as necessary-you are paid for every day of your confinement at the rate of \$400.00

All these added cash benefits. Added cash benefit: Up to \$2,000.00 cash for accidental loss of limbs or eyesight, when the loss occurs anytime within 90 days of the accident. The loss of a limb or eyesight is terrible. Nothing can replace the loss, but a \$1,000.00 or \$2,000.00 check helps bring peace of mind during the period of adjustment.

Added cash benefit: Choose Coverage for Children (with or without Maternity Benefits) and all your dependent, unmarried children from age one month through 18 years will be covered, too! This National Health Plan pays at the rate of \$240.00 a month, when your youngster is hospitalized...for removal of tonsils, appendix or any other illness or injury. Yes, you will receive \$240.00 a month cash, month after month for as long as the child is in the hospital.

Added cash benefit: Pays as much as \$4,800.00 cash for a Registered Nurse at home. You collect an extra \$400.00 A MONTH when your doctor has you employ a full-time Registered Nurse within 5 days after you come home, following a stay in the hospital of five days or more for which benefits were payable. Your benefits continue for the same number of days that you were in the hospital-even up to 12 full months.

#### We pay your premiums when you are not able.

Should you—the person to whom the basic Policy is issued—be hospitalized for 8 weeks or more, this National Health Plan WILL PAY ALL PREMIUMS THAT COME DUE FOR YOU AND ALL COVERED MEMBERS OF YOUR FAMILY WHILE YOU ARE CONFINED TO THE HOSPITAL BE-YOND THE INITIAL 8-WEEK PERIOD. And your protection continues just the same as if you were paying the premiums yourself. Then, if you leave the hospital and must return for the same condition before you have resumed full normal activities for 90 days, we will again PAY ANY PREMIUMS WHILE YOU ARE IN THE HOSPITAL—for the total confidence of the co finement! This means you pay no premiums, yet your full protection remains in force.

#### LICENSED BY THE STATE OF MICHIGAN

#### These are the ONLY exclusions!

Your National Health Plan Policy covers every kind of sickness or accident except conditions caused by: act of war; any mental disease or disorder; pregnancy, except as provided under the Maternity Benefit provision; and expenses resulting from any sickness or injury you had before the Effective Date of your Policy... during the first 2 years only first 2 years only.

This last item is a real help if you already have a health problem. If you are sick before you take out this Policy, you will even be covered for that condition after the Policy has been in effect for 2 years. Meanwhile, of course, every new condition is covered.

#### Nationally known and respected.

This is the kind of outstanding protection you have read about in Reader's Digest, Parents', National Geographic and other leading publications. The special plans offered by the National Liberty Corporation group of companies are today helping policyowners in all 50 states—and many foreign countries paying benefits at the rate of more than one million dollars a

#### Grateful Policyowners write . . .

"Received your check for \$880.00. I appreciate having the money sent directly to me so I could decide how to use it."

NICHOLAS CRISTL, Green Bay, Wisc. NICHOLAS CRISTL, Green Bay, Wisc. "It was wonderful to receive your check for \$555.00. I'm very pleased. It paid real well."

MRS. BESSIE GEISINGER, Kansas City, Mc. "Everyone should have your coverage. I know I wouldn't be without it."

WALTER TUCKER, Fayetteville, N.C.

#### Make your decision carefully.

Think how costly a hospital confinement will be. Imagine paying for those indispensable doctor, surgical and nursing serv-

ices that are not covered by your present insurance.

Would you be able to afford the quiet and privacy of a m and a private nurse, should telephone to keep in touch with loved ones? Or the rental of a TV set to help pass the lonely hours? Who would pay your bills that keep on coming in at home? Many folks have lost their life savings, their cars, even their homes trying to meet run-away hospital and medical costs. And no one knows whose turn

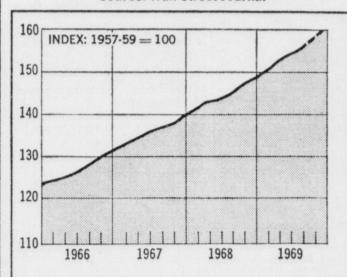

Why you must act before the date shown on your Application Form—just a few days from today.

Why do we give you so little time to enroll in this Plan-only a few days? Because this is a limited Enrollment Period-and we must receive your Application Form at the same time as all the others in order to pass on to you the savings that come from processing many policies at one time. This highly efficient "mass enrollment" method enables us to give you the broadest coverage at the lowest cost.

We mail you the Policy as soon as we receive your Application Form. When the Policy arrives, examine it in the privacy of your own home. Take all the time you need. It's a very short document, and you'll be pleasantly surprised to discover there is NO FINE PRINT. Then-show it, if you wish, to someone you trust. Perhaps your lawyer, accountant or doctor. Better still - show it to your own insurance man...even though he may be working for another company! If he is a personal friend, he has your best interests in mind. So you can believe him when he tells you there is no better bargain available anywhere—at any price!

### **Medical Costs Skyrocketing!**

Source: Wall Street Journal

MEDICAL CARE COSTS rose in September, 1969, to 157.6% of the 1957-59 average from 156.8% a month earlier. These costs are components of the Government consumer price index.

#### HERE ARE YOUR LOW RATES.

The following rate chart shows how little it costs after the first month to protect yourself, your spouse and any adult dependents. Naturally, at these low rates, we can issue you only one policy of this type. Each adult, 16 or over, pays the rate shown for his or her age.

r her age.	
Age at	Monthly Premium
Enrollment	per Adult
16-44	only \$3.45
45-49	only \$3.95
50-54	only \$4.45
55-74	only \$4.95
75-79	only \$5.95
80 and over	only \$6.95

#### Only \$1.90 more per month covers all your dependents...

from the age of one month through 18 years. And then if you wish, just add 95¢ monthly to that, and you're covered for Maternity Benefits, too! Newborn children are covered automatically at the age of one month-at no additional cost!

NOTE: The regular monthly premium shown here (for age at time of enrollment) is the same low premium you will continue to pay; it will not automatically increase as you pass from one age bracket to the next! Once you have enrolled in this National Health Plan, your rate can never be changed because of how much or how often you collect from us—or because of advanced age—but only if there is a general rate adjustment, up or down, on all policies of this type in your entire state!

### Act NOW-"Later" May Be Too Late!

Just 25¢ covers you and your family for first month. TIME IS PRECIOUS! Act quickly. (No salesman will call.) you suffer an accident or sickness, it's TOO LATE to buy

### THESE IMPORTANT QUESTIONS AND ANSWERS

Tell you how National Home's EXTRA CASH HOSPITAL PLAN gives you the protection you need—at amazingly low cost!

- 1. How much will my Policy pay me when I go to the hospital? \$400.00 per month. If you're 65 or over, you collect in addition to any Medicare benefits, \$200.00 a month for the first 3 months, and \$400.00 monthly while you remain continuously hospitalized afterwards. You collect cash not just for yourself, but for all Covered Members of your family when they are hospitalized! And you collect cash even if you're in the hospital for only one
- 2. When do I collect \$2,000.00 extra cash for accidents? We pay you \$1,000.00 extra cash for complete accidental loss of one hand or one foot or sight of one eye, and \$2,000.00 extra cash for loss of both hands or both feet or sight of both eyes—

even if the loss occurs as long as 3 months after the accident,

- 3. Suppose I am paid benefits for any sickness or accident. What happens if I am again hospitalized for the same condition? Don't worry! You still collect the regular cash benefits provided by your Policy for as long as your confinement lasts.
- 4. Will you pay me \$400.00-a-month cash-even for pregnancy? Yes! Many health plans don't cover pregnancy. But we do, when Coverage for Children and Maternity Benefits are added to the basic Plan. You collect cash benefits for pregnancy, childbirth or miscarriage that results in a hospital stay. (Both parents have to be enrolled in this Plan for entire pregnancy period.)
- 5. Do you pay me cash when my children go to the hospital? Will any children we have in the future be protected, too?

You collect \$240.00 a month cash any time your child goes to the hospital, when Coverage for Children is added to the basic . each time any dependent, unmarried month through 18 years) is in the hospital for sickness or injury. And if you have a growing family-as soon as your newborn child is one month old, he, too, is covered-automatically ... at no additional cost to you.

6. Are there times I might collect as much as \$1,600.00 a month?

There are! Remember, we pay cash not just for you but for every Covered Member of your family. National Health Plan Members get an EXTRAORDINARY DOUBLE-CASH BENEFIT. If you and your covered spouse are both in an accident and go to the hospital at the same time, you receive \$1,600.00-a-month tax-free cash (when under age 65). This amount is paid for as long as both of you remain in the hospital-even for life, if necessary.

7. Am I ever allowed to stop paying premiums during a long stay in the hospital—yet still remain fully covered?

Yes, you are! Should you—the person to whom the basic Policy is issued—be hospitalized for 8 weeks or more, this National Health Plan will pay all premiums that come due for you and all Covered Members of your family while you are confined to the hospital beyond the initial 8-week period. You aren't expected to pay us back either.

8. How do I go about submitting a claim?

We invite you to contact Cash Benefits Headquarters direct. Whether you want to submit a claim, or just ask us a question, don't hesitate to contact us. As a National Health Plan Member, you are entitled to prompt, courteous and direct attention at all times ... and you will get it.

9. Does this Plan pay in any hospital?

You will be covered in any hospital of your choice except a U.S. Government hospital or a nursing or convalescent facility.

- 10. Now tell me what's the "catch"-what doesn't my Policy cover? Get ready for a welcome surprise. Your Policy covers everything except conditions caused by: act of war; any mental disease or disorder; pregnancy, except as provided under the Maternity Benefit provision; and any sickness or injury you had before the Effective Date of your Policy-but even this last "exclusion" is done away with after you've been a policyowner for only two years. Everything else is definitely covered.
- 11. What are the requirements to enroll in this Extra Cash Hospi-

You must not have been refused or had cancelled any health, hospital or life insurance due to reasons of health; and, to qualify during this Enrollment Period-you must enroll before midnight of the date shown on the Application Form.

12. Besides saving money-are there any other advantages of joining this National Health Plan during this Enrollment Period? Yes. A very important one is that you don't need to complete a lengthy, detailed application—just the brief Form in the corner of this page. Also, during this Enrollment Period there are no extra requirements for eligibility, and no "waivers" or restrictive endorsements can be put on your Policy!

13. How do I enroll?

Fill out the brief Application Form and mail it with just 25¢ for the first month's protection for your entire family. Mail to: National Health Plan, Valley Forge, Pa. 19481.

#### MONEY-BACK GUARANTEE We will send your National Home Policy by

mail. Examine it carefully in the privacy of your own home. Show it, if you wish, to your own insurance agent, doctor, lawyer or other trusted adviser. If you decide, for any reason, that you don't want to continue as a member of this Plan, return the Policy within 15 days of the date you receive it, and we will promptly refund your money. Meanwhile, you will be fully protected while making your decision!
